

Report on Symboisis Training program as on FEB -28-2026

Department of Business Management in collaboration with Symbiosis Open Education Society has conducted Accounts Executive with Financial Modules training program. It's a 45 days training program conducted from 28th Feb for all BBA final year and MBA students for the academic year 2026.

The program was designed to equip participants with comprehensive skills in accounting and financial analysis. It was successfully conducted at Sardar Patel College, adhering to the established academic standards of the partnering institutions. The training was expertly facilitated by Ms.R.Lakshmi prasanna, who served as the trainer for the program. Sessions were held consistently according to the scheduled timetable, with classes taking place daily from 2:00 to 4:00pm. The curriculum was divided into two primary tracks to ensure a holistic understanding of both operational accounting and strategic financial management. This track focused on the core operational and statutory responsibilities of an accounts executive, covering:

A. Fundamentals of Accounting

- Accounts payable
- Accounts Receivable
- Accounting Software
- Payroll Accounting
- Annual Report preparation
- Audit and Taxation

B. Financial Modules:

This Track emphasized analytical skills and data interpretation, covering:

- Financial Analysis
- Power BI
- Financial reporting and Interpretation

The “Accounts Executive with Financial Modules” program was completed successfully. The structured curriculum, combined with the expert instruction provided by Ms.R. Lakshmi Prasanna, ensured that participants gained valuable practical knowledge relevant to the current industry demands. The collaboration between Sardar Patel college and symbiosis open education society proved effective in delivering a high quality educational experience.
